

Book & Magazine Printies – 1" and 1/24th (Half) Scale
 By Christine Verstraete <http://cverstraete.com/>
 (Personal use only please!)

To make magazines: Print on glossy photo paper or typing paper. Cut out covers and fold over edge of razor blade for good crease. Glue double sheet of typing paper inside for pages; cut to fit. If using regular paper: spray cover with acrylic sealer; brush on several coats of Delta Ceramcoat Varnish or use Modge Podge if desired.

HALF SCALE:
